# A Partnership To Give You More

— {{Wealthcare Capital Management/Wealthcare Advisory Partners}}

I partner with {{RIA}} to gain access their goals-driven planning and investing platform, **WealthcareGDX**®. It's a turnkey solution for advisors that includes a robust digital client experience and back office support. This allows me to spend more time on {{short mission statement here}}.

# GDX360®

Wealthcare's easy-to-use patented technology, GDX360, synchronizes your financial planning and investment strategies to provide you with a **Comfort Zone**® score. It evaluates your financial resources alongside your goals-now and into the future. Then, it simulates 1,000 lifetimes and market scenerios, generating a score that reflects the percentage of times those goals would be met or surpassed. More than a number, your Comfort Zone score reflects how confident and comfortable you can be in your financial future.
