_____	_____	_____	_____

Profile

Client Information – Retired: Yes ___ No ___ Life Expectancy: _____
Total Annual Earned Income: _____

Spouse/Partner Information – Include in Profile: Yes ___ No ___ Retired: Yes ___ No ___
Life Expectancy: _____ Total Annual Earned Income: _____

(Exclude income from investments and required minimum distributions, but include bonuses, commissions, etc. based on GROSS, BEFORE TAX, annual estimated amount).

Retirement Goals

1. Ideally, I would like to retire at age _____, but if needed to address other more important financial goals, would be willing to work to age _____. (input "Now" if already retired)

2. My spouse will retire at the same time as I do: YES or NO. If NO, my spouse/life partner would ideally like to retire at age _____, but if needed to address other more important financial goals, would be willing to work to age _____. (input "Now" if already retired)

3. If possible, I would like to leave an estate worth at least \$ _____, but would be willing to leave as little as \$ _____ if necessary to address other more important goals.

4. How would you like us to estimate your basic living expenses in retirement? (check one)

_____ I'd like you to estimate my basic living expenses in retirement based on my current income and your estimates of what would be needed to maintain my lifestyle (do not select this option if already retired, input your annual spending needs below).

_____ I/We would ideally retire on an annual retirement spending budget of \$ _____, BUT in no case less than \$ _____.

5. Please tell us which best describes your attitude about Social Security: (check one)

_____ I/We would prefer to not be dependent on Social Security in retirement.

_____ I/We would like to include estimated Social Security benefits in our Wealthcare Plan.

_____ I/We would like to include known Social Security benefits in our Wealthcare Plan: Specify the **annual** amounts for each of the Client: _____ and Spouse / Partner: _____

Life Goals

I/We have other specific goals we will need money for and would like to include these expenditures in our Wealthcare plan. (DO NOT include basic living expenses in retirement among these goals. Do include: extraordinary travel, vacation home, gifting, etc.). C/S/P refers to client/spouse/partner. The Ideal and Acceptable ranges for these goals are as follows:

Description	Owner	Plan	Annual Amount	Start Age	End Age	Annual Increase
_____	<u>C/S/P</u>	Ideal	_____	_____	_____	_____
		Acceptable	_____	_____	_____	_____
_____	<u>C/S/P</u>	Ideal	_____	_____	_____	_____
		Acceptable	_____	_____	_____	_____
_____	<u>C/S/P</u>	Ideal	_____	_____	_____	_____
		Acceptable	_____	_____	_____	_____
_____	<u>C/S/P</u>	Ideal	_____	_____	_____	_____
		Acceptable	_____	_____	_____	_____
_____	<u>C/S/P</u>	Ideal	_____	_____	_____	_____
		Acceptable	_____	_____	_____	_____

Education Goals

I/We have specific education goals we will need money for and would like to include these expenditures in our Wealthcare plan. The Ideal and Acceptable ranges for these goals are as follows:

Description	Owner	Plan	Annual Amount	Start Age	End Age	Annual Increase
_____	_____	Ideal	_____	_____	_____	_____
		Acceptable	_____	_____	_____	_____
_____	_____	Ideal	_____	_____	_____	_____
		Acceptable	_____	_____	_____	_____
_____	_____	Ideal	_____	_____	_____	_____
		Acceptable	_____	_____	_____	_____

RISK TOLERANCE / ASSET ALLOCATION

Unlike traditional planning methods that position you to experience the most risk you can tolerate, Wealthcare planning assumes you would prefer to avoid risk if possible. Based on your desire to avoid unnecessary investment risk, the portfolio that most closely approximates your ideal tolerance for risk is: Ideal Portfolio _____

Sometimes your ideal portfolio may be too conservative to produce returns that would enable you to meet your most important financial goals. If necessary, to manage financial goals you feel are critical, which portfolio has the most risk you could possibly tolerate? Acceptable Portfolio _____

	HYPOTHETICAL MEDIAN RETURN	CHANCE OF LOSING MONEY IN ANY ONE YEAR	DOWNSIDE 95%-TILE	WORST RETURN	PERCENT IN STOCKS
Portfolio A	6.6%	1 in 6.4	4.0%	-16%	30%
Portfolio B	7.6%	1 in 5	6.6%	-22%	50%
Portfolio C	8.2%	1 in 4.4	9.2%	-27%	65%
Portfolio D	8.8%	1 in 3.9	11.9%	-32%	80%
Portfolio E	9.4%	1 in 3.6	15.2%	-38%	98%

Important Disclosures:

The results in the table above are materially affected by the capital market assumptions ("CMAs") used by Wealthcare Capital Management LLC ("Wealthcare"). Please note that the portfolio returns above approximate Hypothetical portfolios and do not represent actual returns of any Wealthcare Portfolios.

The target risk allocations illustrated are comprised of a mixture of domestic equities (all Large Cap), 10-year U.S. Treasuries and cash (3 month T-bill yield). This table is intended to help you select your target risk allocation. The actual implementation of your risk allocation - your asset allocation policy and active risk policy - is addressed elsewhere. Research has shown that risk allocation explains 75% or more of your investment experience (source: *"The Equal Importance of Asset Allocation and Active Management," Xiong, Ibbotson, Idzorek & Chen, Financial Analysts Journal, March/April 2010. CFA INSTITUTE.*)

Downside risk reflects the 95th percentile return. This measure of downside risk indicates that for any given 12 month period, only 1 out of 20 periods would, probabilistically, have a negative return in excess of the calculated 95th percentile downside risk statistic. It does not mean that an investor might encounter such a loss only once in 20 years. The Hypothetical Median Return is the median geometric return of the allocation. The Odds of Losing figure represents the chance of the allocation losing money in any given year. The Worst Return is the annual return the allocation has only a 1 in 10,000 chance to achieve in a given year. Return and risk of loss estimates are calculated based on return and risk assumptions anchored in historical market experience. NOTE: The highest hypothetical portfolio returns typically have the greatest risk of losses. Actual losses may be greater than illustrated.

The Exposure to Stocks figures reflect the percentage of equities in each portfolio. Not shown in the chart is the percentage in Taxable Bonds for Portfolios A through E, which, in descending order, respectively, are 65%, 48%, 33%, 18% and 0%, with the remainder of each portfolio, after taking the equity percentage into account, allocated to cash.

Source of data analyzed to create the Wealthcare CMA assumptions: For domestic equities, Center for Research in Security Prices ("CRSP"), Graduate School of Business, The University of Chicago. Used with permission. All rights reserved. crsp.uchicago.edu.

SAVINGS

To estimate the likelihood of meeting your goals, we need to know how much you are saving each year to your 401(k), SEP, 403(b), IRA, Taxable Accounts, Roth IRA and the like. If you do not have detailed information for items like matching employer contributions, matches on deferred compensation, etc., please provide your best estimate for the amount. T/ TD/TE refers to taxable, tax-deferred and tax exempt, C/S/P refers to client/spouse/partner. The Current savings amount and Ideal and Acceptable savings are as follows:

Description	Adds to Cost Basis	Tax Status	Owner	Amount Type	Referenced Cash flow
	<u>Y/N</u>	<u>T/TD/TE</u>	<u>C/S/P</u>	<u>\$ Amount/% of flow</u>	
Plan	Annual Amount	Start Age	End Age	Annual Increase	
Ideal	_____	_____	_____	_____	
Current	_____	_____	_____	_____	
Acceptable	_____	_____	_____	_____	
	<u>Y/N –</u>	<u>T/TD/TE</u>	<u>C/S/P</u>	<u>\$ Amount/% of flow</u>	
Plan	Annual Amount	Start Age	End Age	Annual Increase	
Ideal	_____	_____	_____	_____	
Current	_____	_____	_____	_____	
Acceptable	_____	_____	_____	_____	
	<u>Y/N</u>	<u>T/TD/TE</u>	<u>C/S/P</u>	<u>\$ Amount/% of flow</u>	
Plan	Annual Amount	Start Age	End Age	Annual Increase	
Ideal	_____	_____	_____	_____	
Current	_____	_____	_____	_____	
Acceptable	_____	_____	_____	_____	

PRIORITIES

To design the optimal set of the hundreds of potential choices, we need to prioritize your goals to identify those alternatives that make the most sense for what you want to pursue. Please complete the following:

1. Investment risk (volatility or risk of losing money) is something we all wish to avoid if possible. With Wealthcare we can often take less than our maximum tolerance for risk by making relatively minor modifications to our other goals. Please answer the following question: *I would be willing to do the following to design a plan that takes less risk than my maximum risk tolerance indicates (check all that apply):*
 - a. Save more each year than I'm currently saving
 - b. Retire later than my ideal retirement age
 - c. Leave a smaller estate than my ideal estate
 - d. Lower my basic living expenses in retirement

2. Saving money is usually necessary in pursuing your financial goals. However, it may also mean you are making sacrifices in your current lifestyle in working towards future goals. Please answer the following question: *If possible, I would like to reduce my current annual savings by \$_____ a year so I can improve my current lifestyle. To address this goal I would be willing to modify the following goals (check all that apply):*
 - a. Take more risk than my maximum risk tolerance indicates
 - b. Retire later than my ideal retirement age
 - c. Leave a smaller estate than my ideal estate
 - d. Lower my basic living expenses in retirement

3. When you plan to retire can have a significant impact on the probability of obtaining your financial goals, because it is the age when you stop saving and begin withdrawals from investments. Please complete the following question: *To retire at my ideal retirement age, I would be willing to modify the following goals (check all that apply):*
 - a. Take more risk than my maximum risk tolerance indicates
 - b. Save more annually than I'm currently saving
 - c. Leave a smaller estate than my ideal estate
 - d. Lower my basic living expenses in retirement

4. Many people have charitable desires or wish to pass wealth on to their family to provide financial independence. Doing so can mean compromising other goals. Please answer the following question: *To pursue my ideal estate or charitable goals, I would be willing to modify the following goals (check all that apply):*
 - a. Take more risk than my maximum risk tolerance indicates
 - b. Retire later than my ideal retirement age
 - c. Save more each year than I'm currently saving
 - d. Lower my basic living expenses in retirement

5. Your lifestyle in retirement is dependent both on the resources you have available and your personal preferences. Most people would like to have a comfortable retirement income and lifestyle. Please answer the following question: *To address my spending budget in retirement, I would be willing to modify the following goals (check all that apply):*
 - a. Take more risk than my maximum risk tolerance indicates
 - b. Retire later than my ideal retirement age
 - c. Save more than my ideal savings amount
 - d. Leave a smaller estate than my ideal estate

6. You may have specified one or more life goals above. Most people would make such goals a priority. Please answer the following question: *To achieve my specific life goals, I would be willing to modify the following goals (check all that apply):*
 - a. Take more risk than my maximum risk tolerance indicates
 - b. Retire later than my ideal retirement age
 - c. Save more than my ideal savings amount
 - d. Leave a smaller estate than my ideal estate
 - e. Lower my basic living expenses in retirement to more modest levels.

7. You may have specified one or more education goals above. We would like to understand the relative priority of these goals. Please answer the following question: *To fund the specified education goals, I would be willing to modify the following goals (check all that apply):*
 - a. Take more risk than my maximum risk tolerance indicates
 - b. Retire later than my ideal retirement age
 - c. Save more than my ideal savings amount
 - d. Leave a smaller estate than my ideal estate
 - e. Lower my basic living expenses in retirement to more modest levels.
